

We provide a logical structured framework to set your leadership understanding, actions, explorations, ideologies and values against.

Great Leadership has the advantage of facilitating the freedoms of creativity and imagination when set against a working framework that ensures you have the four core competencies that the role demands you set in place.

We believe that **Leadership is a Profession** and that the Profession we are in, is the **People Business**.

The REACH Academy Certification Course is a highly practical and pragmatic approach to understanding human and organisational psychology with a focus on **How to lead well** and stay well and deliver the **People Centred** outcomes we desire.

LEADERSHIP REACH ACADEMY

Our course is responsive to the day to day experiences you have in leadership. Therefore this programme provides the stop and pause opportunity to respond to actual events and issues that arise as you lead. The 60 minute One-On-One Monthly Supervision is specifically designed to not only reinforce the learning content but provide the wisdom, support and encouragement leaders so desperately need to stay the course and become great people leaders. **We coach from a six word values frame;**

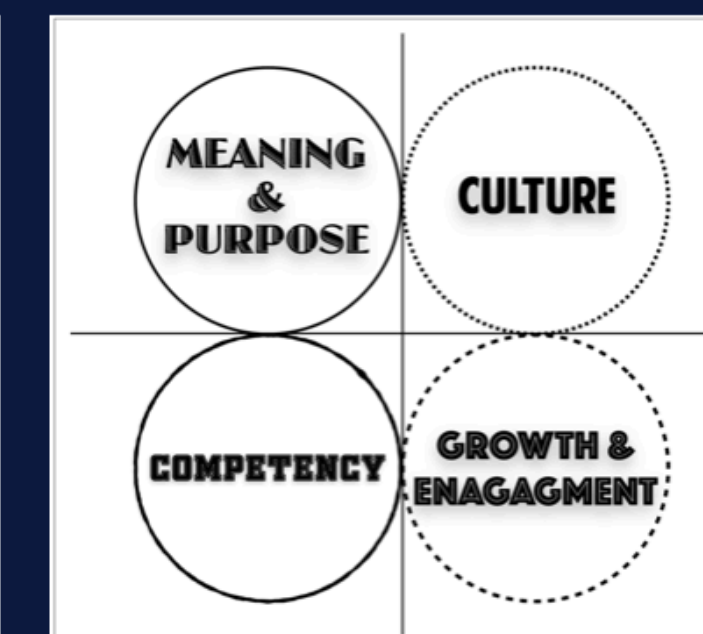

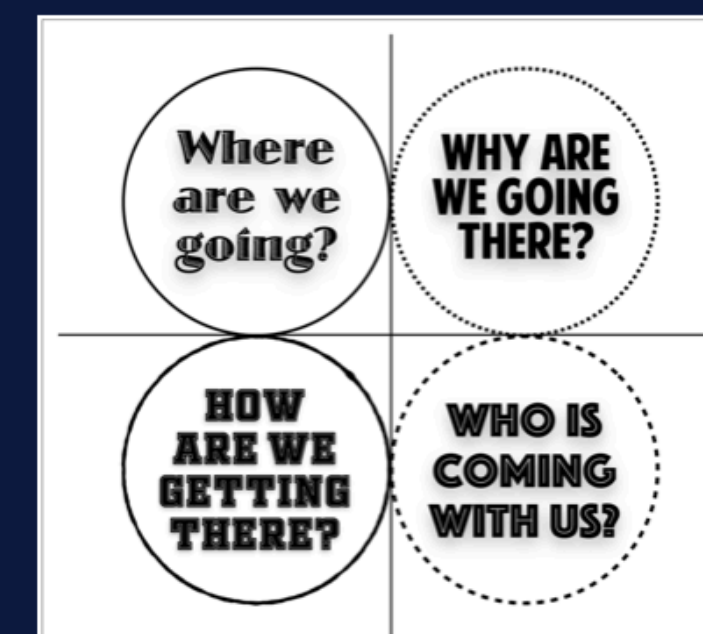

**We believe in the
transformative power
of the Servant
Leadership model.**
